

POSITION OVERVIEW

Job Title: Neuroradiologist
Department: Radiology
Reports to: Medical Director
FLSA Status: Exempt
Location: Cincinnati, OH

PRACTICE OVERVIEW

Columbus Radiology Corp. (CRC) is experiencing continual growth and expansion to new markets. CRC is the exclusive provider of radiology services at 22 Ohio hospitals, 60 outpatient imaging centers and physician offices, including the busiest Level I Trauma Center in the state.

CRC is a private practice founded in 1946, which has grown to more than 120+ board-certified and subspecialty trained radiologists who are committed to excellence – in patient care, physician relations, continuous quality improvement and professional development.

We operate an internal 24/7 Results Communication support team (CORE = Center of Radiology Excellence). The Advisory Board Company's Health Care Advisory Board and the American College of Radiology's Radiology 3.0 initiative have recognized this innovative customer service function. CRC is committed to providing unparalleled service and value to patients, facilities, payors and providers.

POSITION SUMMARY

We are seeking a motivated radiologist, fellowship-trained in Neuroradiology for our Cincinnati, OH location. Candidates must be fellowship trained in Neuroradiology and Certificate of Added Qualifications to join our expanding practice in the Cincinnati market. In addition to reading Neuroradiology from across the practice, candidates must also be capable of reading non-specialty diagnostic imaging and perform fluoroscopy and procedures such as lumbar punctures, myelograms, and arthrograms.

This is an on-site partnership track position including a mix of daytime, evening, weekend, and overnight shifts.

CRC has a commitment to quality and ardently promotes and invests in the professional development of our radiologists through a comprehensive quality assurance program. We offer highly competitive compensation including an annual profit-sharing contribution, currently \$37,000, into the physician's 401k retirement account. We also offer 10 weeks of vacation, health, life, disability and malpractice insurance coverage. **Ample moonlighting opportunities offer additional compensation up to \$100,000 annually, as well as incentive pay offered for every shift up to \$20K annually.**

DESIRED PROFESSIONAL SKILLS AND EXPERIENCE

- Candidates must be a Doctor of Medicine, Board-certified/eligible and fellowship trained in Neuroradiology
- Completed an internship and residency in accredited US Diagnostic Radiology Training Program - Minimum on one-year post-residency fellowship training
- CAQ certified or eligible is required to practice
- Licensed or have the ability to be licensed in the state of Ohio
